

Foghorn Therapeutics to Participate at Cowen's 43rd Annual Health Care Conference

March 1, 2023

CAMBRIDGE, Mass., March 01, 2023 (GLOBE NEWSWIRE) -- Foghorn[®] Therapeutics Inc. (Nasdaq: FHTX), a clinical-stage biotechnology company pioneering a new class of medicines that treat serious diseases by correcting abnormal gene expression, today announced that it will participate at Cowen's 43rd Annual Health Care Conference, which is taking place March 6–8, 2023, at the Boston Marriott Copley Place in Boston, MA. With an initial focus in oncology, Foghorn's Gene Traffic Control[®] platform and resulting broad pipeline have the potential to transform the lives of people suffering from a wide spectrum of diseases.

Leukemia panel date and time: Wednesday, March 8, 12:50 p.m. ET

Foghorn Presenter: Adrian Gottschalk, President and Chief Executive Officer
Please find a link to the panel [here](#).

A webcast of the panel can also be accessed under "Events & Presentations" in the Investors section of Foghorn's website, www.foghornrx.com, and will be available for up to 30 days.

About Foghorn Therapeutics

Foghorn[®] Therapeutics Inc. is discovering and developing a novel class of medicines targeting genetically determined dependencies within the chromatin regulatory system. Through its proprietary scalable Gene Traffic Control[®] platform, Foghorn is systematically studying, identifying and validating potential drug targets within the chromatin regulatory system. Foghorn is developing multiple product candidates in oncology. For more information about Foghorn, visit our website at www.foghornrx.com, and follow us on [Twitter](#) and [LinkedIn](#).
